

BCCA 2018 **CCNA Study Day**

DAY ONE Wednesday 14th November - Drum Lecture Theatre B

08:00 - Registration open

08:45- 09:00 Introduction & welcome Helen Walker & President of CCNA

Session 1: Challenges for children and young people with single ventricle physiology
Chairs: Helen Walker and Denise Moran

09:00 - 09:30 Single ventricle home monitoring: reducing interstage mortality Marie Murphy & Vicky Hughes

09:30 - 10:00 Play as preparation for the Fontan operation Lorna O'Brien

10:00 - 10:30 Challenges of young people with a single ventricle circulation Amanda Haworth, Pat Coyle
& Jessica Hart

10.30 -11.00 REFRESHMENTS, EXHIBITION AND POSTERS

Session 2: Parental perspectives
Chairs: Jayne Peters and Pat coyle

11:00 - 11:30 Feeding challenges in infants with CHD Lynne Latten

11:30 - 12:00 Children with Single Ventricle Congenital Heart Defects:
Considering the Parent Experience Dr Emma Twigg

12:00 - 12:30 Exploring risk and uncertainty in congenital cardiac surgery Dr Robyn Lotto

12.30-13:30 LUNCH, EXHIBITION AND POSTERS

12:45 – 13:30 Admedus Sponsored Symposium

The symposium will look at the latest scientific evidence demonstrating the superior clinical advantages of ADAPT bio-engineered collagen scaffold for Congenital Heart Disease. A focus on the importance of Acellularisation Vs Decellularisation and clinical mid to long term applications, outcomes. The future of shaping tissue technology to meet the needs of patients and surgeons will also be discussed.

ADAPT®- does tissue choice and shape matter? (4 mins)

1) Why ADAPT® is superior - preclinical and clinical reports (12 mins)

2) 1 to 64 months follow up - A look at latest clinical scientific evidence assessing durability of Cardiocel. (Bovine pericardium using ADAPT technology) (12 mins)

3) Shape Matters - Evidence and evolution of tissue technology (12 mins)

4) Q&A (5 mins)

Session 3 : Keeping our patients well

Chairs: Amanda Haworth and Naomi Warner

13:30 - 14:00 RSV prophylaxis: A Nurse Led Programme Michelle McLaren

14:00 - 14:30 Utilising technology to improve anti-coagulation management Gill McBurney

14:30 - 15:00 Feeding neonates after surgery Rebecca Hill
15:00 – 15:30 REFRESHMENTS, EXHIBITION AND POSTERS

Session 4: Innovation in improving CHD care

Chairs: Gillian McBurney and Kerry Watson

15:30 - 16:15 Team up: Interactive patient care platform Dr Gordon Gladman
16:15 – 16:45 Co-creating game changing Innovation Sophie Johnson
16:45 - 17:00 Questions and close. Helen Walker
17:00 BCCA Business meeting
19:30 Gala Dinner
